

Imagine – our own museum with a permanent collection of valuable art – and a modern theatre large enough to host traveling ensembles featuring dance, music and theatre.

Greater Mesquite Arts Foundation’s dream of creating a home for the ARTS in Mesquite – a beacon for arts, education and cultural activity – can be realized with your support.

During this season of thanksgiving and rejoicing, our board is focused on raising the funds necessary to make our dream of opening a Center for the Arts in Mesquite a reality.

Join us in growing the arts in the Virgin Valley and improving the availability and variety of artistic and cultural activities that will enhance our quality of life.

Please return the lower portion of this letter with your contribution.
